Kunal Spun Pipes began its operation in the year 1993 as a Hume Pipe Manufacturing unit. The unit is headed by Sri Shankar Lal Agrawal and under the able management of Sri Agrawal unit has seen a tremendous growth over the years.

Sri Agrawal has a great business acumen and neck of understanding the needs of the customer. During this period they have added PSC poles to its product line.

The growth of business necessitated in creating the efficient infrastructure for delivery of materials. To meet this need the unit is now having 3 Nos. 10Wheeler, 4 Nos. 6 wheeler and 2 Nos. Hydraulic Mobile crane to facilitate the delivery of materials at very short notice.

Kunal Spun Pipes is also the EPM Rate Contract Holder for supply of Hume Pipes to Government and semi-government departments. The Hume Pipes are manufactured as per IS specification IS:458.

Kunal Spun Pipes has also acquired the certification for quality management from International Organization for Standardisation IS - 9001:2008, which cast added responsibility on the unit to be the very best.

The unit is having all the testing facility to meet the quality standard of its product.

Kunal Spun will continue to find and innovate newer ways to further improve quality and service as that is an ongoing process and should never stop.
